It's a note from the principal ...

Dear Werner Community,

We are excited to be back in school with your student(s)! The kickoff for this year has been great so far and we appreciate all your support with the transition and for supporting your child so that we can all be in person this year.

As we begin to get in the rhythm of school again, I encourage you to stay in contact with your child's teacher. With many new students, it will be important to build those relationships and communicate your needs to support your child. We appreciate your support and responding to our staff's needs as well.

With our newsletter this year, I am hopeful that we can begin to use our monthly newsletter to highlight or showcase our students' work, our programs and events as a community. Our Werner Weekly will still serve as our weekly communication for reminders of upcoming events and needs.

Note From The Principal

continued

Last, I want to thank you for being supportive of our protocols and routines to help mitigate and prevent COVID-19 impact. We recognize the sacrifice that takes on everyone's part to care well for others. Together, we will continue to move forward and help provide the best possible education for our students in person and address things as they come. Thanks, again, for your positive support in all these things.

I hope you all have a great September and we hope to see you around campus or our Fall Fun Festival later in September.

Best regards,
Hayden

Hello, my name is Mindi Kruger and I'm so excited to be a Werner Wildcat, teaching 2nd Grade!

I'm a Fort Collins native and graduate of the University of Northern Colorado. My degree is in Interdisciplinary Studies with an emphasis in Spanish. I taught Kindergarten for eleven years and First Grade for two years. I love that I've experienced the foundations of learning with my kinder friends and am getting to see the progression through 1st and now 2nd grade.

In my spare time I enjoy making stained glass, reading (my favorite book of all time is Little Women), playing games with family, exercising and going to church.

I believe strongly in the parent-teacher relationship and can't wait to partner with my families to support our learners. Teaching is my passion and I consider it an honor to spend each day with your little people! Here's to a fantastic 2021-2022 school year!

Counseling Corner

September 2021

Counseling Corner

Welcome back to another great school year.

For those who do not know me, I am the School Counselor at Werner. My name is Julie Flemister and my office is located just west of the cafeteria. I am fortunate to teach in the classroom every other week different social skills, including but not limited to, getting along skills, conflict resolution, how to calm ourselves if we are feeling nervous or anxious, and Acts of Kindness.

My focus this year will be on helping students with resiliency and mindfulness. I will be addressing calming strategies along with skills on how to develop a growth mindset. I teach many of these skills through bully-proofing, empathy, respect, and kindness lessons.

I also have lunch with many of the students, so please do not be alarmed if your student comes home and says they had lunch with the counselor. I can have 2-3 students from the same class 3 feet apart during lunch. I feel it so important to know each student, so if something does come up, they are comfortable coming and talking with me. I also help in crisis, talking with students, and working with parents on helping their child feel successful in school.

Please let me know if you need resources in our community. I have some amazing sources for what life can throw us at times. My email is jflemist@psdschools.org.

I also refer to Love and Logic as a parent and as a counselor. The following article is taken from their email resources. I am learning to step back with my own children and hopefully teaching them that they do have the power to figure out some things out on their own (resiliency). I want them to know I believe in each one and they are capable of problem solving. I do not want my kids to be in a situation when I am not around, and they have no idea how to resolve it. One of the greatest gifts we can give our children is independent thinking. Teachers can help with this skill too.

The Best Gift for a Teacher

Centuries ago, I presume, a tradition developed whereby parents felt compelled to provide a tangible expression of their gratitude toward teachers. The original motivations for this tradition are unclear. Some may have been prompted by genuine appreciation; others may have been spurred by guilt and attempts to atone for the unruly classroom conduct of their children; some may have darker motivations where it was hoped a small payoff would "grease the wheels" a bit toward a better grade for their child.

While I'm sure that most educators truly appreciate the gesture, I'm not sure how many apples an average person can eat. I wonder how many of those cute little picture frames, paper weights, plaques, and other cute thingies eventually get regifted.

Of course, all of us dedicated educators want to be appreciated for our hard work, long hours, and willingness to be exposed to every germ known to humankind. It's nice to be appreciated for the fact that we choose to love kids even when they behave badly and produce noxious fumes. It's great to be appreciated for the fact that we take classrooms full of kids with different needs, abilities, behaviors, and troubles and turn them into high-powered learning teams.

Great teachers are amazing!

The best gift we can give them involves our own parenting. The most wonderful display of our appreciation is to send them students truly ready to be respectful, responsible, and eager to learn. No doubt this gift also benefits our children, who will rise to the top when equipped with such character attributes.

Listed below are just a few things you can do:

- *Make sure that your kids overhear you saying positive things about their school and their teachers.*
- *Ensure that they are doing chores without reminders at home, so that they know how to do assignments without reminders at*
- *Allow very little time with technology, including video games, texting, surfing the web, watching videos, television, etc. These activities make it more difficult for our children to remain calm and*
- *Have family meals together, where you enjoy each other and talk about all of the things you've learned during the day.*

Thanks for reading, and thanks for raising great kids who have what it takes to benefit from the privilege of schooling!

RETURN TO LEARN: Guidance Following a Positive COVID-19 Symptom Screen

Any symptomatic individuals should isolate from symptom onset and pursue evaluation, including testing as soon as possible. If symptoms develop at school and point of care testing is available, testing may be performed following an initial assessment using the Addressing Symptoms at School tool.

Anyone who tests positive using any viral diagnostic test type (not antibody tests) should be treated as a case and should isolate. No additional test results can end a symptomatic positive individual's isolation period early.

Symptomatic individuals within 90 days of a previous positive viral diagnostic test (not antibody test) and those who are fully vaccinated (2 weeks after final dose) should isolate, be investigated for potential infection in consultation with public health and/or a healthcare provider, and may require testing prior to return to school.

PSD COVID-19 mask protocols

Masks are required for all staff, students, visitors and volunteers in PSD buildings, regardless of vaccination status.

Why masks in PSD

- We want to keep students and staff safe and keep kids in school, while minimizing quarantines. When both parties are masked, neither individual should be quarantined if there is a COVID case.
- We protect one another from the spread of COVID by wearing masks.
- Wearing masks allows us to prioritize in-person learning. In school, students have opportunities to build a sense of belonging and connect with people and their passions through activities, athletics and extracurriculars.

Two or more layers of fabric

Completely cover nose and mouth

Fit snugly against face and nose with no gaps

Mask FAQs

- Protective masks should cover the nose and mouth, with multiple layers and that fit snugly against a person's face.
- Masks are NOT required outdoors.
- Teachers and students will have opportunities to have mask breaks.
- Schools will have extra masks on hand, for those who need them.
- When you're in a room with someone else, your mask should be on.

PSD COVID-19 protocols for fall 2021

Some have changed since the spring of 2021, while others will be familiar. This is not an exhaustive list. For all protocols, please visit the [Health and Safety web page](#).

What's different?

Close contact is now defined as being less than 3 feet for a cumulative 15 minutes in 24 hours versus 6 feet, per public health guidance.

- All activities and athletics are happening with protocols.
- All secondary students can use lockers.
- Water fountains are turned back on.
- Students at all schools can eat in cafeterias.
- School assemblies are allowed with masks, 3 feet spacing and assigned seats.

Close contact quarantine exemptions include:

- Fully vaccinated • Both parties are masked
- Positive for COVID 90 days prior • Participated in weekly testing

With masks, we expect that fewer people will be quarantined. Quarantines may still occur due to exposures at lunch (no masks while eating) and high-risk activities (athletics, performing arts). There may be other instances where these may occur.

What's the same?

Keep washing your hands. We will do this before and after recess, as well as before and after meals.

- Students don't have to wear masks outdoors or at recess, and students from different grades can play outside at the same time.
- Stay home if you are experiencing symptoms (runny nose, new/worsening cough, fever, etc.). Follow [Return to Learn guidance](#) to come back to school.
- If you are deemed to be a close contact in a COVID case, the health department will ask you to quarantine for 10 days.
- There is still the option for an early release on day eight of quarantine, following the early test-out process.
- PSD will continue using Precautionary Rooms (formerly Isolation Rooms) to separate symptomatic students from peers and staff.

Contact tracing

PSD will continue working with the [Larimer County Department of Health and Environment \(LCDHE\)](#) to conduct contact tracing investigations when there is a COVID case.

- PSD and LCDHE will identify whether anyone had close contact. LCDHE will ask close contacts to quarantine.
- In a routine classroom exposure (i.e. third graders sitting at desks), LCDHE

will likely not quarantine individuals if the county's vaccination rate is greater than 70% among those eligible to be vaccinated.

- PSD will still notify families when there is a classroom/

cohort exposure, even if no quarantines occur. The entire school community will not be notified.

- Case information will be available on the [COVID-19 data web page](#).

What to do if you're experiencing symptoms

Do your part. Don't come to school if you're experiencing symptoms. Even a runny nose counts. PSD follows the [Colorado Department of Public Health and Environment's Return to Learn guidelines](#). Parents should monitor their children for symptoms and keep them home if they are experiencing any of the following:

Critical symptoms	Major symptoms	Minor symptoms
• Loss of taste or smell	• Feeling feverish, having chills	• Sore throat, runny nose or congestion
	• Temperature of 100.4 F or greater	• Muscle or body aches

[Review the guidelines](#) for a full list of symptoms and how to respond.

Vaccination FAQs

- Please get vaccinated, if it is the right decision for you and your family.
 - PSD is not requiring but strongly encouraging staff and students to be vaccinated.
 - PSD continues to partner with public health agencies to offer vaccination opportunities. For more information, including about upcoming clinics in PSD, visit the [Vaccinations web page](#).
- For more information, visit [LCDHE's website](#).
