

Odyssey of the Mind
Poudre River Region Information Night
Tuesday, October 15, 6:00 – 7:00 pm
Werner Media Center

Odyssey of the Mind, a STEM program, now in its 36th year in Colorado!

Odyssey of the Mind is an extra-curricular school activity in creative problem-solving. Modeled on interscholastic sports, Odyssey of the Mind's creative competitions combines the excitement of athletic competition with fun-filled often zany mental gymnastics. Teams match wits and abilities at local, state, and world competitions.

- What:** Odyssey of the Mind - Informational meeting
When: Oct. 15, 6-7 pm
Who: parents and children interested in Odyssey of the Mind

At the meeting we will:

- Explore the Odyssey of the Mind program and its benefits for our students
- Show you examples of typical OM problems. **Bring your kids so they can see how fun OM is!**
- Review important dates, costs and time commitment
- Give you insight on what coaching a team looks like and the resources available to help
- Answer questions you might have
- Help you network to start organizing teams and identify coaches

The Poudre River Regional Director, Kathy Weimer, will join us to answer questions as well.

Odyssey of the Mind is an all-volunteer organization and, as such, the number of teams we have is only limited by the number of parent volunteers we have to coach teams. Join us at the meeting to find out more about coaching and the resources available.

If you are interested but can't attend, let me know and I will keep you in the loop.
